FISCAL YEAR 2024

TRULY AGREED AND FINALLY PASSED (AFTER VETO)

DEPARTMENT OF HEALTH & SENIOR SERVICES

(Book 1 of 2)

HOUSE BILL 10

Vetoes: <u>Section 10.721</u> - \$500,000 for purchase of STI testing kits;

Section 10.745 - \$500,000 for Elks Mobile Dental;

102nd General Assembly First Regular Session

Prepared by Senate Appropriations Staff

Office of the Director Section 10.600

Page 40

Description: The Office of the Director provides for the overall direction, development and management of the State's public health and senior services programs. The Office of the Director serves as the liaison for joint efforts with other governmental agencies and private organizations to conduct or sponsor programs that improve public health. The State Boards of Health and Senior Services serve as public advisory bodies for the Department. The Boards review the budget, rules, and regulations. The Office of General Counsel provides legal support to all department units.

Legal Base: State Statute Sections: 191.400, 192, 197.500, 198.070, 198.090, 208.912, and 208.915, RSMo

In 2022, Missouri voters approved Amendment 3, which legalized cannabis for adult recreational use. In compliance with the new constitutional provisions, after accounting for administrative costs, remaining funds are split to support DHSS substance use disorder(SUD) programs, costs of expungement, and veterans' health care services. DHSS will distribute these funds to their various SUD programs.

<u>Division of Administration</u> <u>Program Operations and Support</u> Section 10.605

Page 49

Description: The Division of Administration provides support services to all departmental units. Services provided include budget administration, grants and contract administration, accounting, procurement, general office support and internal auditing. These functions are accomplished through the Bureau of Budget Services and Analysis, Bureau of Financial Services, Bureau of General Services, Bureau of Contracts and Procurement, and Office of Internal Audit. The office of Human Resources provides personnel management services and support for the department.

SB 681 was passed and signed into law in the 2022 legislative session, creating the "Get the Lead Out of School Drinking Water Act." The Act requires all public and private schools, as well as providers of early childhood education that receive state funding, to meet certain deadlines to provide drinking water with a lead concentration level below five parts per billion. It also requires the DHSS to ensure compliance by public schools. DHSS does not currently have the staffing resources to ensure compliance or offer guidance to schools regarding how to comply for FY 2023 or FY2024. HB 3020 appropriated \$27 million for grants to provided to schools for lead remediation efforts in FY 2023.

<u>Division of Administration</u> <u>Health Initiatives Fund Transfer to the Health Access Incentive Fund</u> Section 10.610

Page 67

Description: This section transfers money from the Health Initiatives Fund to the Health Access Incentive Fund. Revenue into the Health Initiatives Fund comes from a tax on cigarettes and smokeless tobacco products. The Health Access Incentive Fund may be used by the Department to implement and encourage a program to fund loan repayments, start-up grants, professional liability insurance assistance, practice subsidy, annuities when appropriate, or technical assistance in exchange for location of appropriate health providers who agree to serve all persons in need of health services regardless of ability to pay.

Division of Administration Debt Offset Escrow Section 10.615

Page 72

Description: This section provides funding for the tax refund intercept program. Effective 7/1/94, each agency participating in the Department of Revenue's intercept program must have an appropriation from the escrow fund. This core request allows the Department of Health and Senior Services to intercept tax refunds from individuals who fail to meet their obligations under the Health Professional Student Loan Repayment Program and Nursing Student Loan and Loan Repayment Programs.

Legal Base: State Statute Sections: 143.784-143.788, RSMo

Funding Source: Debt Offset Escrow Fund (0753)

<u>Division of Administration</u> <u>Federal Grants and Donated Funds</u> Section 10.625

Page 83

Description: Allows the Department to receive Federal grants and donations that occur during the interim. The appropriation authority provided by this core is used by the department if new grant funding is received during the fiscal year and inadequate appropriation authority exists. The legislature and the Office of Administration are notified by DHSS prior to expenditure of such funds.

Legal Base: State Statute Section: 192.025, RSMo

SB 681 was passed and signed into law in the 2022 legislative session, creating the "Get the Lead Out of School Drinking Water Act." The Act requires all public and private schools, as well as providers of early childhood education that receive state funding, to meet certain deadlines to provide drinking water with a lead concentration level below five parts per billion. It also requires the DHSS to ensure compliance by public schools. DHSS does not currently have the staffing resources to ensure compliance or offer guidance to schools regarding how to comply for FY 2023 or FY2024. HB 3020 appropriated \$27 million for grants to provided to schools for lead remediation efforts in FY 2023.

The MO Comprehensive Cancer and Control Program's (MCCCP) federal grant is starting a new five year grant cycle. MO's funding is declining by \$180,131 compared to the previous five year grant cycle resulting in a 33.5 percent reduction in the total grant award. This would result in DHSS withdrawing funding for five Federally Qualified Health Centers (FQHCs) that currently provide cancer screenings in 20 counties across the state. DCPH requests GR to replace the reduction in federal funds. The GR pickup will allow DCPH to continue the current level of services provided through its contract with FQHCs to provide breast and colorectal screenings, communications, and interventions implemented in partnership with the MO Cancer Consortium, education efforts rural and uninsured Missourians, and lung cancer prevention through a tobacco campaign.

Page 111

Description: This section provides funding to support contracts with all 115 local public health agencies to carry out disease surveillance, communicable disease investigation and control, health protection activities, enforcement of public health laws, health promotion and education. The funding also assists local agencies in assessing the health of their communities, to develop policy and plans to improve health, and to develop capacity within local public health systems.

Description: This section provides funding for X-ray fluorescence analyzers. These analyzers are machines that are able to detect the elements present in a solid, liquid, or powder sample which makes them invaluable in determining the presence of certain elements that could have a deleterious effect on human health (such as lead).

Division of Community & Public Health Genetic Services Section 10.710

Page 135

Description: This section provides funding for programs benefiting individuals with genetic disorders by providing screening, diagnostic evaluations and counseling through genetic tertiary centers and sickle cell resource centers for Missourians with genetic diseases; and providing treatment services for adults with cystic fibrosis, hemophilia and sickle cell disease, and formula for children and adults with metabolic conditions who meet financial eligibility requirements at or below 185% of federal poverty guidelines. The Hemophilia program assists persons with hemophilia to obtain blood products used in home therapy and provides individuals with annual comprehensive exams. The Sickle Cell Anemia program provides information to the public and health professional community about sickle cell anemia and sickle cell trait. Counseling and referral services are provided for individuals who test positive for the trait. The Cystic Fibrosis program provides outpatient clinic visits, laboratory and pulmonary function testing, equipment purchase or rental, radiology, physician fees, and prescriptions.

<u>Division of Community & Public Health</u> <u>Lead Abatement Loan Program</u> Section 10.710

Page 133

Description: Funding in this section allows the Department of Health and Senior Services to develop a program that provides financial assistance via loans or grants to owners of dwellings or child-occupied facilities for performing lead abatement projects. The Missouri Lead Abatement Loan Fund in the state treasury receives appropriations by the General Assembly, repayments by applicants of loans made pursuant to Section 701.337, RSMo, including interest on such loans, and any gifts, bequests, donations or other payments deposited into the fund. DHSS works with Community Action Agencies to develop grant programs to encourage lead abatement projects in places where children could be at risk of lead exposure. Funding for the Lead Abatement Loan Program (the statute authorizes either loans or grants) was originally from a settlement agreement between the state of Missouri and a railroad with the proceeds deposited into the Lead Abatement Loan Fund.

Division of Community & Public Health Ryan White Program Section 10.720

Page 134

Description: Funding in this section helps ensure that HIV+ Missourians receive appropriate treatment of their HIV disease, the primary goal of the HIV Client Care Services program. The program funds medications for low-income, uninsured, non-Medicaid-eligible HIV+ clients with an estimated 1,900 clients enrolled in the program. The medications provide HIV+ Missourians with access to adequate medical care and treatments, specifically medications therapy which meets National Institutes of Health guidelines. Ensuring that HIV+ clients are on appropriate medications will result in a decreased incidence of new AIDS diagnosis as well as a decreased number of AIDS-related deaths in Missouri. Missouri receives over \$9 million in federal funding for medications. The federal Ryan White CARE Act which provides the federal funding for the medications requires "maintenance of effort" (state funding for HIV programs each year must be equal to or greater than the level of funding the year before).

Legal Base: Code of Federal Regulations: Public Law 101-381 (Ryan White CARE Act), AIDS Housing Opportunity Act, 42 USC Sec. 12901

Funding Source: General Revenue, Federal

Division of Community & Public Health Elks Mobile Dental Section 10.745

Page 278

Description: Missouri Elks Association purchases and equips Mobile Dental Units to serve the dental needs of eligible physically challenged children, and mentally

challenged/developmentally disabled adults and children. The service provides basic and routine dental treatments including x-rays, examinations, cleanings, fluoride treatments, fillings, routine extractions and referrals. Although the Elks provide the units, the Elks Dental Program is a contracted service and administered by DHSS.

Division of Community & Public Health Child and Adult Care Food Program Section 10.750

Page 259

Description: The Child and Adult Care Food Program is mandated by Section 187 of the National School Lunch Act. The Act authorizes USDA funded assistance to states through grants-in-aid and other means to initiate, maintain, and expand non-profit food service programs for children and adults in nonresidential institutions that provide care during the day. To participate, childcare facilities must be licensed. Family day care home providers in low-income areas based on census or school data are eligible for a higher rate of reimbursement for meals. Child and adult care centers serving low-income children or adults may receive a higher rate of reimbursement on a per participant basis for those participants who are below 185% of the current year's federal poverty guidelines.

Legal Base: State Statute Sections: 208.603 and 210.251, RSMo, Code of Federal Regulations: 7 USC 612C Farm Security & Rural Investment Act of 2002;

<u>Division of Community and Public Health</u> <u>Financial Aid to Medical Students and Medical School Loan Repayment Programs</u> Section 10.760

Page 306

Description: This section provides funding for two loan repayment programs. The Medical Student Loan Program underwrites the cost of a medical student's education (up to \$7,500/year for 4 years) if the student agrees to practice in a medically underserved area. Repayment of 1/4 of the medical student loan is waived for each year the student practices in a medically underserved area after graduation. The Physician Loan Repayment program authorizes the repayment of a physician's medical education loans (up to \$20,000/year for 4 years) if said physician practices in a rural or urban underserved area. The goal of the Health Professional Student Loan Repayment Program is to increase the number of primary care physicians, advanced practice nurses and dentists practicing in underserved areas of the state through loan repayment. To increase access to care for Medicaid and uninsured individuals through acceptance of Medicaid reimbursement and provision of a sliding fee scale, to adjust fees charged to patients according to their ability to pay (family income and size) as condition for contract for loan repayment. This program works in conjunction with the PRIMO program to increase access to care in Missouri.

The Health Professional State Loan Repayment Program (SLRP) anticipates an increase in the grant award to Missouri. SLRP is a competitive federal grant program that allocates funds to states to award funding for educational loan repayment to licensed Missouri medical, psychiatry, and dental health professionals in exchange for services in Missouri areas with a provider shortage in those fields. Health care practitioners that are SLRP recipients earn forgiveness of their loan repayment award through a service obligation. The obligation is two years of service per award, which is based on full-time qualifying employment. DCPH is requesting an increase in appropriation authority to increase the number of health care practitioners providing services in Missouri's rural and underserved areas.

<u>Division of Community and Public Health</u> <u>Primary Care Resource Initiative Program (PRIMO)</u> Section 10.760

Page 305

Description: The PRIMO program's (Primary Care Resource Initiative for Missouri) goal is to develop a statewide system of community-based systems of care to assure access to primary and essential health care services for all individuals of the state, regardless of their ability to pay. PRIMO utilizes health professional incentives (student loans and forgiveness) and outcomesbased contracts to meet its goal. PRIMO and its partners/contractors recruit individuals from rural and underserved areas into health professional careers in areas of need, develop academic and clinical training programs for health professionals, and build health care delivery systems in underserved communities in the state. Funding for several Area Health Education Centers (AHECs) across the state was eliminated in FY 2011. PRIMO is partially supported by contributions from the Missouri Hospital Association.

Legal Base: State Statute Sections: 191.411, 191.500, 191.600 and 335.212-335.257, RSMo, Code of Federal Regulations: 339(0) PHS Act as amended, Sec 1153(bb)(2)(B) ii USC, 8 USC 1182(E) and Sec 214(k)-Immigration and Nationality Act, 8 USC 1184-Immigration and Nationality

Funding Source: General Revenue, Health Access Initiative Fund (0275), Professional and Practical Nursing Student Loan (0565), Department of Health Donated Funds (0658)

New funding is requested to increase the number of health care practitioners providing services in Missouri in Health Professional Shortage Areas (HPSAs). This will increase access to quality health care services in Missouri's rural and underserved areas to decrease health disparities and increase health equity.

<u>Division of Community and Public Health</u> <u>Nursing Student Loan/Repayment Programs</u> Section 10.760

Page 307

Description: This section provides funding for loans to student professional nurses (\$5,000/year) and student practical nurses (\$2,500/year). Nursing education loan repayments are provided to RN's (\$5,000/year) working in areas of defined need. The Missouri Professional and Practical Nurse Student Loan Program was enacted to impact the shortage of nurses and access to health care for Missouri citizens. Loans are given to nursing students and are "forgiven" when the recipient graduates and works in a Health Professional Shortage Area (HPSA) in Missouri. Loan repayment is an incentive to get nurses to practice in underserved Missouri facilities in exchange for a contract to help repay their educational debt.

<u>Division of Community and Public Health</u> <u>Office of Emergency Preparedness and Response Coordination</u> Section 10.775

Page 343

Description: The Office of Emergency Preparedness and Response Coordination in collaboration with the State Emergency Management Agency (SEMA) manages the planning and response activities for public health emergencies including natural and man-made disasters. The Office of Emergency Preparedness and Response Coordination is responsible for two federal grants: the Public Health Emergency Preparedness/Cities Readiness Initiative Grant and the Hospital Preparedness Grant. The Office of Emergency Preparedness and Response Coordination provides emergency reporting of and health care guidance for disease outbreaks and other disasters. Coordination of local emergency response plans is managed through contracts with all 115 Missouri local public health agencies.
